TORNADO SEASON IS UPON US

Yes, tornados can (and do) touch down in Broadview Heights. Long-time residents may remember the deadly tornado that touched down 31 years ago today (May 2, 1983) near I-77 and West Mill Road. One person was killed and several others were injured. Homes were demolished and tractor-trailer rigs and cars were strewn all over I-77. Visit the [Red Cross website](#) for information about tornado safety.

The City of Broadview Heights has a reverse 9-1-1 system which can be used to alert residents of emergencies. All land-line phone numbers that are listed will automatically receive a call. If you would like to add your unlisted number or additional phone lines (work, cell, etc.), please visit the [Fire Department website](#), [SwiftReach 9-1-1 module](#).
