- **TREE RESPONSIBILITY**

We have had many issues with dead Ash trees due to the Emerald Ash Borer. Ash trees become very brittle and hazardous after they die. If an ash tree is located where it might be hazardous to pedestrians, automobiles or houses it should be removed. Residents often call with questions about removal of trees on their property, especially the tree lawn. While the tree lawn is in the city's right-of-way, it does belong to the residents. Therefore, maintenance of trees in that area is the homeowners' responsibility. The city will, however, assist if the tree falls into the roadway. Tree companies that are registered with the city are listed alphabetically on the list of [Licensed Contractors \(linked here\)](#) from our website.

In addition, you are required to provide candy for 500 children. [Email Ryan](#) for more information.
