### **CONCERNS ABOUT TELEMARKETING CALLS**

Here is helpful information from the Ohio Attorney General's *Consumer Advocate Newsletter* regarding telemarketing calls – a common source of consumer complaints.

- Put your phone number on the **National Do Not Call Registry**. Your registration is permanent, but if your phone number changes, you must register your new phone number. Register at [www.donotcall.gov](http://www.donotcall.gov) or by calling 888-382-1222.
- When called by a solicitor, ask to be put on their internal do not call list. In addition to the National Do Not Call Registry, telemarketers must maintain an internal list of consumers who ask them to stop calling.
- If you do not recognize a phone number, don't answer the call. If you have an answering machine or voicemail and the call is important, the person likely will leave a message. By answering an unknown number, you may increase your chances of receiving additional calls because answering may signal to the caller on the other end that they have reached a live number.

Keep in mind that while some unwanted calls may come from legitimate businesses, other calls are placed by scam artists who won't abide by the Do Not Call laws. If your number is on the Do Not Call Registry and an unknown number is calling, there is a good chance it is a scam.

### **RECREATION NEWS**
