RECREATION CENTER UPDATE

To make way for the renovations included in the new Community and Recreation Center project, the existing pool has been closed along with the aquatic offices and support spaces. The closed areas have been cleared out by the Parks and Recreation Department and the Service Department staff, and Panzica's demo work has begun. Our partnership with the City of Seven Hills, which took effect on April 1, provides our patrons with pool access while we are without a pool. Many of our members and residents have been taking advantage of the opportunity to use the aquatic facilities in Seven Hills. The staff at the Seven Hills Recreation Center has been very welcoming.

The concrete slab has been poured in the locker rooms and the mechanical, electrical and plumbing along with the masonry work is underway in that area. The concrete slab has been poured in the gymnasium and the track is being installed around the perimeter. The new natatorium is taking shape and the concrete has been poured for the new pool. The natatorium roofing is being completed and the roofing over the rest of the building is already complete. The project is still running on schedule with an anticipated opening date between October and December of 2018. Regular construction with pictures and videos can be found on the Recreation Facebook page by searching @bvhref.
