### LEAF COLLECTION BEGINS IN AREA "A"

Leaf collection begins the week of October 22 for the ValleyPark Drive area and streets east of Avery between W. Wallings and E. Royalton Road (excl. Summerwood). [Click here to view the map/schedule](#) (The map also appeared in the October issue of the BroadView Journal.) Rake all leaves to the curb. DO NOT put leaves in the street! Leaf piles should be free of twigs, rocks, grass clippings. As an alternative, leaves may be put in brown biodegradable bags and placed with the trash. Note: As in the past, if the crews finish the scheduled route early, they will move ahead to the next area. (If that happens, they will start the route over as scheduled.)

## **IN CASE YOU MISSED IT**

- **LOW INTEREST HOME IMPROVEMENT LOANS:** The Housing Enhancement Loan Program (HELP) is available to residents of Cuyahoga County. The Cuyahoga County Department of Development has partnered with both Key Bank and Huntington Bank to offer a low-interest home improvement loan (at 3% below normal bank rates). [Get the details here](#).
- **CURBSIDE RECYCLING IS IN TROUBLE:** Local recycling processors report that more and more recycling is contaminated with garbage (up to 25% garbage). Contamination happens when residents put unacceptable or non-recyclable items into their recycling bag. Also, recycling markets are shrinking because of China's decision to restrict imports. Simply stated, they no longer want to be the global end-market for the world's recyclables because, for decades, they have been accepting recyclables contaminated with trash and hazardous waste, leaving them with a spoiled environment that they are now working to clean up. These two facts – huge contamination rates and China's restriction of imported recycling – have created a perfect storm for recycling here. Everyone's help is needed to do a better job of recycling to keep the program viable. [Click here to view](#) the recycling guidelines.

## **\*CITY RULES & REGULATIONS\***

- **BUILDING DEPARTMENT REMINDERS:** All contractors performing work in the City must be registered. The majority of projects that require hiring a contractor also require a permit. Permits cards must be displayed on the property in a place visible from the street. Projects requiring contractor registration and permits also require inspections by the Building Department. - **CURBSIDE RECYCLING GUIDELINES:** **Simply put, listed are the items that are recyclable:** Plastic Bottles & Jugs, Glass Bottles & Jars, Cartons, Metal Cans, and Paper & Cardboard.
